The dogbane tea with medical health-care action contains the following ingredients of (by weight) 65-75 portions of dogbane leaf, 2-5 portions of dogbane flower, 0.5-1.5 portions of saussurea involucrata, 3-5 portions of hop and 20-30 portions of tea leaf. Its production method includes the following steps: steaming fresh dogbane leaf, rolling, stir-frying and drying, then mixing the dried dogbane leaf with other ingredients so as to obtain the dogbane tea finished product with the functions of preventing hypertension and regulating metabolism of human body, and its taste is good.
